

# DS MCGREGOR AND PARTNERS VETERINARY SURGEON VACANCY (WICK)

We are looking for a vet keen to pursue a career in **mixed practice** with a **friendly and supportive team** of 19 vets in the Scottish Highlands. We are an independent, genuinely mixed practice and the home of the popular TV series 'The Highland Vet.' Although the role can be flexible and individual interests pursued, a vet with an enthusiasm for **farm animal work** would be particularly suitable.

A typical day starts with a cup of tea and a team meeting at 8:45am and when not on call you will normally be finished by 5:30pm. The shared out of hours rota is currently 1:5 with days off in lieu. New graduates can expect to be well supported by senior colleagues.

Our practices are well equipped, including:

**Farm animal** - rectal scanners, hydraulic foot tipping crate, EEJ for bull/tup testing, automated faecal egg analysers. We have vets who are trained to carry out PMs at the local SRUC facility.

**Equine** – Repro/Tendon scanner, portable x-ray, power float for dentals.

**Small animal** – digital x-ray, ultrasound, dental x-ray with table-side processor, in-house blood machines, range of ortho equipment including TPLO kit.

Caithness is a vibrant rural area that offers many opportunities for those that want to get involved in the local community. There are numerous sporting clubs, fitness facilities and outdoor activities available in the area alongside a local cinema and excellent cafes/restaurants.

For the more relaxed among us there are beautiful beaches to walk the dog on, the chance to see the northern lights and a wide variety of wildlife.

- Salary dependent on experience with an established pay rise structure in place. Usual subscriptions plus private health care .
- 29 days holiday each year.
- GDP and CPD fully supported. New graduates are encouraged to enrol on the excellent XL Vets New Graduate Development Programme
- We can provide a company vehicle and assist in finding accommodation.
- Be part of the XLVets community of independently owned, progressive veterinary practices that work together to achieve the highest standards of veterinary care

To apply or for an informal discussion please contact:
